Attached please find Questions and RIPTA Responses from the following vendors. RIPTA Responses are in **RED**

**Fuss and O'Neill**

1. Will the firm selected under this RFP be disqualified from responding to future RFPs from RIPTA that are outside the scope of the on-call contract?  
**No, the selected firm would not be disqualified from bidding larger scoped projects that RIPTA issues an RFP for, unless the on-call firm is engaged to develop/support the development of the RFP.**
2. If Prime respondents are disqualified from future RFPs per above, would Subconsultants also be disqualified?  
**Yes, if the on-call firm is engaged to develop an RFP and subcontracts for example, an Architect, that subcontracted Architect may be disqualified from bidding on the RFP as they may have additional knowledge not available to other bidders.**

**Keogh Construction Management**

On page 91, in the scope of services, it calls for the OPM to perform project management of electrical and plumbing work. Is it the intent of the RFP that the OPM procure a contractor to work as part of the OPM team, or just for the OPM to oversee this work by others.

**The intent of this RFP is to enter into a contract with a vendor who can supplement RIPTA Project Management Staff and provide (or subcontract) any of the services listed.**

**WSP USA Inc.**

Would RIPTA consider extending the proposal receipt date from December 2, 2022 to December 21, 2022?

**The Proposal Due Date is extended to Tuesday December 22, 2022.**

Please clarify whether consultants are limited to **five total pages** of documentation addressing competency in each item under XXXVI. SCOPE OF SERVICES or whether consultants may provide five pages of documentation **per item**.

**RIPTA would like to limit the responses to five total pages to cover all competencies.**
