Questions from several companies. Responses to questions are in RED

Questions from Alliant Insurance Services

One of the items ask for us to evaluate the current structures of RIPTA's placements based on the information provided in the solicitation documents. Unfortunately, we don't see anything about the current policies and limits except for the current "State of Values." Is it possible to get a summary of coverages with limits and retentions that RIPTA current carries?

Please refer to Attached RIPTA Renewal Sheets

Questions from Jim Cantwell

Please consider releasing pertinent additional information to insure a fair process. Currently, only the incumbent producer has sufficient information to

provide an informed response. At a minimum, an overview of the current insurance profile is needed.

Please refer to Attached RIPTA Renewal Sheets
