2.0 ANSWERS TO QUESTIONS

ITEM 2.0: Question from Email:

My question was on bid item number 12. 704.0500 reconstruct drainage structure. Are we looking at a droplet type situation or is it something that's behind the sidewalk with brick and /or some kind of block cobble. I looked up the standard. It doesn't really give me any information on it that would be helpful pertaining to this bid. Any information you have on it would be helpful so we could bid item competitively.

Thank you in advance for your help.

Answer from Email:

Bid Item No. 12 704.0500 Reconstruct Drainage Structure is to include reconstructing various types of drainage structures. The item is not specific to a structure type.
