ETC Institute has the following questions and requests.

- What is the available budget for this effort?

RIPTA is interested in receiving proposals that creatively address the scope in the most cost-effective way possible. Our procurement process does not permit us to state the budget of this project.

- Please provide the average weekday route level ridership for all routes to be surveyed. Ideally, this will come from late fall 2023 or early winter 2024 as ridership nationwide has been increasing.

See below

- Does RIPTA operate a trip or a tour based model? IF trip based, are there thoughts to transition to a tour model?

RIPTA operates a trip based model. At this time a tour based model is not being actively considered.
