Addendum # 1

BID NO.: BID 101438
OPENING: **12/12/2024 1pm**
COMMODITY:

R/V Endeavor Bridge Marine Electronics Refresh

This addendum was generated to clarify the specifications related to BID 101438 and address concerns regarding the specified model submitted by the question period deadline 11/25/24 at 12pm. No other questions pertaining to this bid will be accepted or answered moving forward.

The addendum is also to inform all interested bidders that the bid opening date and time is changing:

OLD OPENING: 12/5/24 1PM

NEW OPENING: 12/12/24 1PM

Clarification:

1. The X and S band radars being requested are standalone, non-ECDIS units
2. Vendors should specify 19-inch radar displays
3. Clarifying line item G: Vendors are not liable for crane costs. URI will cover scheduling and payment of crane services.
4. Vendors should specify non-solid state traditional magnetron transceivers
5. Vendors have the option to reuse and refit the existing Raytheon Synapsis radar 19" display console housings to accommodate Furuno displays and keypads. The workmanship should be visually pleasing with no visible gaps. See (**figure 2 and figure 3**).
6. Vendors should specify a 12 ft. S-band antenna and 6.5 ft. X-band antenna
7. Vendor working hours on the RV Endeavor are Monday through Friday 8am to 4pm
8. Due to the end-of-sale and low stock availability of the FAR3220BB and FAR 3230SBB specified, vendors should also specify a second option with the Furuno FAR3025 and FAR3035S. Please use the attached revised bid sheets to submit your bid. Award will be made for either Option A or Option B, bidders are encouraged to bid on both options.

If you have already submitted a bid and need to make changes based on the information within the addendum, please submit a new bid response and indicate that the submission supersedes the prior
